FOREWORD

There are so many new and fine varieties of Iris offered at lower prices that we are discarding a number of older ones. You will find these newer Iris worth while. Plant some each year and give your garden a new look. Perennials and annuals can be planted between them for later bloom. Daylilies are often used with them. All plants sent are blooming size divisions, not small side-shoots. They generally bloom here from the second to the last week in May.

TERMS

Cash with order, if sent by mail. Minimum order \$3.00. If orders are taken at blooming time, and called for when ready, a 25% deposit will hold order. Ohio customers add sales tax.

Shipments - Bearded Iris are mainly shipped from July to early October. Standard varieties only are sent in spring. Beardless Iris are planted in early spring or fall. All freshly dug on order.

Postage - Mail orders of \$3.00 and over, are sent prepaid. Add 30¢ for postage on small ones. Minimum order \$2.00. Mixtures and mass plantings not prepaid.

Location - We are located on the Three C Highway (State Route #3) about 10 miles from the business center of Cincinnati, and the Kenwood bus passes the place. You are cordially invited to visit the gardens at any time.
